4. Your Responsibilities

You are responsible for properly operating and maintaining your Mazda vehicle in accordance with the instructions and maintenance schedule described in the Owner's Manual for your vehicle. Mazda recommends having maintenance performed by an authorized Mazda dealership. Mazda dealership technicians are specially trained to maintain and service Mazda vehicles; Mazda technicians stay up-to-date on the latest service information through service bulletins, publications, and factory training. You can be reassured you are getting the best possible service for your Mazda vehicle when you take it to your Mazda dealer. We recommend that you retain your maintenance records, receipts, repair orders and any other documents as evidence this maintenance was performed. You must present these documents should any warranty coverage disagreement occur. Failure to do so can result in your warranty being voided either in whole or in part.

Your responsibilities for properly operating and maintaining your Mazda vehicle include the following:

- You should routinely check your vehicle's engine oil level at least once a month and regularly replace the oil and filter. Failure to do so can cause oil starvation and or sludge deposits, which can result in severe engine damage and costly repairs that are not covered by the new vehicle Basic Coverage Warranty or Powertrain Warranty;
- You shall retain the evidence that proper maintenance has been performed on your Mazda vehicle;
- You should maintain your Mazda vehicle in accordance with "Appearance Care" in the Owner's Manual;
- You must repair, without delay and at your expense, any body corrosion or damage due to your neglect, lack of maintenance or external causes;
- Special care should be taken to protect your Mazda vehicle from corrosion. Inspect the body sheet metal panels of your Mazda vehicle frequently. If you detect any stone chips or scratches in the paint or protective coating, touch them up immediately. You should inform an authorized Mazda dealer at the earliest possible date, when you find paint damage, surface corrosion or perforation to a body sheet metal panel of your Mazda vehicle;
- If you drive on salted roads, or if you drive near the ocean, rinse the underbody at least once a month with clean water;
- You should keep the drain holes in the lower edges of the body clear;

- If your Mazda vehicle is damaged due to an accident or any event which may cause damage to the paint, have your Mazda vehicle repaired as soon as possible;
- If you carry special cargo, such as chemicals, fertilizers, de-icing salt, or other corrosive substances, be sure that such materials are well packaged and sealed;
- If you drive frequently on gravel roads, we recommend that you install stone guards behind each wheel.

Your complete and permanent satisfaction is of primary concern to Mazda. All Mazda Dealers have both the knowledge and tools to keep your Mazda Vehicle in top condition. In our experience, any questions, problems, or complaints regarding the operation of your Mazda Vehicle or any other general service transactions are most effectively resolved by your dealer. If the cause of your dissatisfaction cannot adequately be addressed by normal dealership procedures, we recommend that you take the following steps:

Step 1: Contact Your Mazda Dealer

Discuss the matter with a member of dealership management. If the Service Manager has already reviewed your concerns, contact the owner of the dealership or its General Manager.

Mediation/Arbitration Program

Occasionally a customer concern cannot be resolved through Mazda's Customer Satisfaction Program. If after exhausting the procedures in this warranty handbook your concern is still not resolved, you have another option.

Mazda Canada Inc. participates in an arbitration program administered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP). CAMVAP will advise you about how your concern may be reviewed and resolved by an independent third party through binding arbitration.

Your complete satisfaction is the goal of Mazda Canada Inc. and our dealers. Mazda's participation in CAMVAP makes a valuable contribution to our achieving that goal. There is no charge for using CAMVAP. CAMVAP results are fast, fair and final as the award is binding on both you and Mazda Canada Inc.

Canadian Motor Vehicle Arbitration Plan (CAMVAP)

If a specific item of concern arises, where a solution cannot be reached between an owner, Mazda, and/or one of its dealers (that all parties cannot agree upon), the owner may wish to use the services offered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

CAMVAP uses the services of Provincial Administrators to assist consumers in scheduling and preparing for their arbitration hearings. However, before you can proceed with CAMVAP you must follow your manufacturer's dispute resolution process as outlined previously.

CAMVAP is fully implemented in all provinces and territories. Consumers wishing to obtain further information about the Program can obtain an information booklet from your dealer, the Provincial Administrator or the Canadian Motor Vehicle Arbitration Plan Office at the address or telephone number shown below.

7. Other Terms

The *Other Terms* stated on page 15 in the New Vehicle Limited Warranty also apply to this warranty.

Mazda warrants that the body sheet metal panels of your new Mazda Vehicle are free from defects in material or workmanship which result in perforation (a hole through the body sheet metal panel, from the inside to the outside of the panel) due to corrosion, subject to the following terms and conditions. Corrosion other than perforation resulting in a hole through the body panel, due to defects in material or workmanship, is covered under the New Vehicle Limited Warranty.

A Mazda Dealer will either repair or replace any body sheet metal panel perforated due to defects in material or workmanship, under normal use, without charge to you.

1. Warranty Period

The warranty period is for the first **60 months** (unlimited kilometrage) and for vehicles exceeding **60 months**, the warranty period is up to **84 months** or **160,000 km**, whichever comes first, from the earlier date of either retail delivery or first use of the Mazda Vehicle. During the warranty period, this warranty is transferable without charge to subsequent owners. Please use the Subsequent Ownership Notification attached to the end of the booklet to make this change. If you have any questions in this regard, please contact your Mazda Dealer for assistance.

2. Warranty Application

This **84 month/160,000 kilometer** perforation warranty is applicable only to Mazda vehicles originally distributed by Mazda Canada Inc., and registered and normally operated in Canada.

3. What Is Not Covered

- Any perforation due to corrosion of the Mazda Vehicle which is caused by industrial fallout, accident, damage, abuse, vehicle modifications or cargo that is damaging or corrosive to the Mazda Vehicle.
- Any surface corrosion of the Mazda Vehicle which does not result in perforation, such as that typically caused by sand, salt, saltpeter/nitre, hail or stones.
- Any perforation due to corrosion of the Mazda Vehicle which results, not from a defect in material or workmanship, but from failure to maintain the Mazda Vehicle in accordance with the procedures specified in item 4. (Your Responsibilities) of this warranty and the Owner's Manual provided with your Mazda Vehicle.
- Any perforation due to corrosion of a part of the Mazda Vehicle which is not a body sheet metal panel. As used herein, body sheet metal panel specifically excludes all parts which are components of the exhaust system of the Mazda Vehicle.
- Any perforation to panels previously repaired to correct collision damage, fire, theft, natural disaster, etc.
- Registration of the vehicle out of Canada.
- If the vehicle has been classified a total loss and/or sold for salvage purposes or branded for any other reasons.

4. Your Responsibilities

You should maintain your Mazda Vehicle in accordance with APPEARANCE CARE in the Owner's Manual.

- You shall retain the evidence that proper maintenance has been performed on your Mazda Vehicle by an Authorized Mazda Dealer.
- You must repair, without delay and at your expense, any body corrosion or damage due to customer neglect, lack of maintenance or external causes.
- You should inform an Authorized Mazda Dealer at the earliest possible date, when you find paint damage, surface corrosion or perforation to a body sheet metal panel of your Mazda Vehicle.

Inspect the body sheet metal panels of your Mazda Vehicle frequently and if you detect any stone chips or scratches in the paint or protective coating, touch them up immediately.

In addition, special care should be taken to protect your Mazda Vehicle from corrosion.

- 1) If you drive on salted roads, or if you drive near the ocean, flush the underbody at least once a month with clean water.
- 2) It is important to keep the drain holes in the lower edges of the body clear.
- 3) If your Mazda Vehicle is damaged due to an accident or any event which may cause damage to the paint, have your Mazda Vehicle repaired as soon as possible.
- 4) If you carry special cargo, such as chemicals, fertilizers, de-icing salt, or other corrosive substances, be sure that such materials are well packaged and sealed.
- 5) If you drive frequently on gravel roads, we recommend that you install stone guards behind each wheel.

5. To Get Warranty Service

You must take your Mazda Vehicle, along with this booklet, to any Mazda Dealer in Canada during their normal service hours. If you have any questions or need assistance regarding this warranty, refer to When You Need to Talk to Mazda on page 7.

6. Limited Liability

The liability of Mazda under this warranty is limited solely to the repair or replacement of parts defective in material or workmanship by a Mazda Dealer at its place of business. Specifically, it does not include any expense of, or related to, transportation to such a dealer or payment for loss of use of the Mazda Vehicle during warranty repairs.

7. Other Terms

The Other Terms stated on page 15 in the New Vehicle Limited Warranty also apply to this warranty.

1. Introduction

The following two emission-related warranties are provided:

- Emissions Defect Warranty, which covers certain parts of each vehicle's emissions control systems against defects in materials and workmanship, and
- Emissions Performance Warranty, which covers repairs to certain parts of each vehicle's emission control systems *if certain conditions are met* (see Sec. 5., below, for those conditions).

These two emissions warranties apply to all Mazda Vehicles registered and normally operated in Canada. They are given in lieu of all other express or implied warranties (except those set forth separately in this booklet) on the part of Mazda, Mazda Importer/Distributor or the Mazda Dealer selling this Mazda Vehicle. No dealer, or any agent or employee thereof, is authorized to extend or expand these warranties.

2. Definitions

- (a) Owner means the original and any subsequent owner of a Mazda Vehicle.
- (b) Mazda Part means a part sold by a Mazda Dealer, whether new or remanufactured, which is supplied by Mazda.
- (c) Emission Warranty Part means a part installed on or in a Mazda Vehicle by or at the direction of Mazda for the sole or primary purpose of reducing the Mazda Vehicle's emissions and that was not in general use prior to model year 1968. The Emission Warranty Parts are listed in Secs. 6. and 7., below.
- (d) Written Maintenance Instructions means those maintenance and operation instructions, together with the time and/or kilometrage interval at which such maintenances are to be performed, specified in the Owner's Manual for the Mazda Vehicle as being necessary to assure compliance of the Mazda Vehicle with applicable emission standards during the term of this warranty, as specified by law.

3. Exclusions from the Emission Warranties

The following are NOT covered by these Emissions Warranties:

- (1) Any incidental, consequential, or exemplary damages (whether in contract or tort), including loss of time, inconvenience, loss of use of the vehicle, cost of transporting it for repair or service, and commercial loss.
- (2) Damage resulting from accidents misuse, natural disaster, or events beyond the control of Mazda.
- (3) If the vehicle has been classified a total loss and/or sold for salvage purposes or branded for any other reasons.
- (4) Lack of proper maintenance, including repairs improperly performed or replacements improperly installed by any person other than a Mazda Dealer, or a replacement part or accessory not conforming to Mazda's specifications.
- (5) Any repair of the vehicle on which the odometer kilometrage has been altered or on which the actual kilometrage cannot be readily determined. (When replacing the speedometer, the Speedometer Replacement Record on page 6 must be filled in by a Mazda Dealer.)
- (6) Registration of the vehicle out of the U.S., Canadian, or Mexican Markets as identified in the Warranty Application for New Vehicle Limited Warranty section of this booklet.

4. Emission Defect Warranty

Mazda warrants to the ultimate purchaser and each subsequent purchaser that this Mazda Vehicle is (A) designed, built, and equipped so as to conform at the time of sale with applicable regulations, and (B) free from defects in materials and workmanship which would cause it to fail to conform with applicable regulations during the warranty periods mentioned herein after. The applicable regulation requires that the warranty period is for the first 24 months* or 38,400 km, whichever comes first. However, Mazda will provide you a coverage of **36 months* or 80,000 km**, whichever comes first, under the terms of the New Vehicle Limited Warranty. The applicable regulation also requires that the warranty period for specific major Emission Warranty Parts listed in Sec.7. below is for the first **96 months* or 128,000 km**, whichever comes first.

* The months during which the vehicle has been in operation are counted from the date of first use of the vehicle or the date of its retail delivery, whichever came first. Any defects in warranted parts that are identified within those warranty periods will be repaired or replaced by Mazda, as its option, with new or remanufactured parts at no cost to the Mazda Vehicle owner by a Mazda Dealer in Canada. The liability of Mazda under this Emission Defect Warranty is solely limited to such repair or replacement.

5. Emission Performance Warranty

Important Notice:

A remedy will be available under this warranty only when a vehicle fails a province-approved emission short test; usually this means when an Owner could be subject to a penalty under provincial law because of such a failure. At the date of the printing of this warranty, many provinces did not have vehicle inspection programs for testing vehicles for conformity with such short tests and had not enacted laws subjecting vehicle Owners to such penalties. Therefore, it is possible that in many provinces or local areas, no remedy will be available under this warranty as a matter of law.

■ Warranty

Mazda warrants to each Owner that if:

- (a) The Mazda Vehicle is maintained and operated in compliance with the Written Maintenance Instructions; and
- (b) The Mazda Vehicle fails to conform at any time during the term of this warranty to the applicable emission standards as judged by an emission test approved by a province; and
- (c) Such nonconformity results or will result in the Owner having to bear any penalty or other sanction (including the denial of the right to use the Mazda Vehicle) under local, or provincial law; and
- (d) If such nonconformity results from the failure of an Emission Warranty Part,

Mazda shall remedy the nonconformity at no cost to the Owner in accordance with the following:

- During a period of vehicle operation that does not exceed **24 months* or 38,400 km**, whichever comes first, if the failed Emission Warranty Part is listed in the 24 months/38,400 km Emission Warranty Parts List in Section 6., below.
- During a period of vehicle operation that does not exceed **96 months* or 128,000 km**, whichever comes first, if the failed Emission Warranty Part is listed in the 96 months/128,000 km Emission Warranty Parts List in Section 7., below.

* The months during which the vehicle has been in operation are counted from the date of first use of the vehicle or the date of its retail delivery, whichever came first.

■ Compliance with Written Maintenance Instructions

Each Owner is required to comply with the Written Maintenance Instructions and a claim under this warranty may be denied on the basis of noncompliance by the Owner with such instructions. **If and when it is considered that the vehicle's non-conformity with the applicable emission standards has resulted from the Owner's non-compliance with those Written Maintenance Instructions which the manufacturer considers necessary for the vehicle to meet the standards, the Owner may be required to submit evidence of such compliance. Receipts and other documents covering the performance of Scheduled Maintenance and proper use in accordance with the Written Maintenance Instructions, including but not limited to the validated Scheduled Maintenance Record in this booklet, should, therefore, be retained by the Owner and should be transferred to each subsequent Owner of the Mazda Vehicle.**

■ Use of Mazda Parts

The Mazda Vehicle is designed, built and tested using Mazda Parts so that the Mazda Vehicle is able to perform in conformity with provincial regulations as provided by this warranty. Accordingly, it is recommended that any replacement parts used for maintenance, repair or replacement of the Mazda Vehicle be Mazda Parts, or parts equivalent to those with which the Mazda Vehicle or its engine was originally equipped.

■ Use of Non-Mazda Parts

Owners may elect to use parts other than Mazda Parts in the performance of any maintenance or repairs and such use in itself will not invalidate this warranty. However, use of parts other than Mazda, may cause Mazda to deny an emission performance warranty claim on the basis of non-Mazda replacement parts used in the maintenance or repair of a Mazda Vehicle if the non-Mazda replacement parts are either defective in material or workmanship or not equivalent, from an emission standpoint, to Mazda Parts.

■ Repair or Replacement by Mazda Dealer

Mazda's obligation to remedy nonconformities under this warranty shall be performed by a Mazda Dealer, which shall make all adjustments, repairs or replacements necessary to assure that the Mazda Vehicle complies with applicable emission standards of a province and that the Mazda Vehicle will continue to comply during the remainder of the term of this warranty (if proper maintenance and operation are continued).

■ **Maintenance by An Establishment or Individual Other Than Mazda**

Maintenance, replacement, or repair of the emission control devices and systems covered by this warranty may be performed by any automotive repair establishment or individual using Mazda Parts. However, the Owner should note that service by a person other than a Mazda Dealer may cause Mazda to deny a claim under this warranty, if it is shown that the improper installation or adjustment of any part has caused the Mazda Vehicle to fail the emission test, either directly or by causing another warranted part to fail.

■ **Warranty Claim Procedures**

A warranty claim may be submitted by bringing the Mazda Vehicle to any Mazda Dealer during the Dealer's regular business hours, together with a copy of a failed emissions test. Upon presentation of a claim, Mazda shall notify the Owner within 30 days, or a shorter period of time within which repair is required by local, or provincial law, that the claim will be honored or shall provide the Owner in writing with an explanation of the basis upon which the claim is being denied. Failure to notify the Owner within such a time period, shall cause Mazda to be responsible for repairing the Mazda Vehicle free of charge to the Owner, unless such failure is attributable to the Owner or to events beyond the control of Mazda or the Mazda Dealer.

The service record below has been designed to include the signature of your Mazda Dealer representative or other repair establishment representative. This signed form is evidence of completion of scheduled maintenance services and should be kept with the receipts, repair orders, and invoices in the glove box. All records should be given to any subsequent owner of the Mazda Vehicle. **Failure to properly maintain your vehicle can result in your warranty being voided either in whole or in part.**

Maintenance Records - Proof of Maintenance

To continue warranty eligibility and to protect your investment, it is your responsibility to properly maintain your vehicle according to factory recommended schedules outlined in your Owner's Manual. As part of this you must keep your maintenance records, receipts, repair orders and any other documents as evidence this maintenance was performed. You must present these documents, should any warranty coverage disagreement occur. Failure to do so can result in your warranty being voided either in whole or in part.

This evidence may consist of the following:

- The Mazda Scheduled Maintenance Record, on page 34, must be completely filled out showing mileage, repair order number, date for each service, and signed by a qualified automotive service technician who service vehicles.
- Original copies of repair orders or other receipts that include the mileage and date the vehicle was serviced. Each receipt should be signed by a qualified automotive service technician.
- For self maintenance, a statement that you completed the maintenance yourself, displaying mileage and the date the work was performed. Also, receipts for the replacement parts (fluid, filters, etc.) indicating the date and mileage must accompany this statement.

Note: If you elect to perform maintenance yourself or have your vehicle serviced at a location other than an Authorized Mazda Dealer, Mazda requires that all fluids, parts and materials must meet Mazda standards for durability and performance as described in your Owner's Manual.
