Satisfaction Review Process

Your complete and permanent satisfaction is of primary concern to Mazda. All Mazda Dealers have both the knowledge and tools to keep your Mazda Vehicle in top condition. In our experience, any questions, problems, or complaints regarding the operation of your Mazda Vehicle or any other general service transactions are most effectively resolved by your dealer. If the cause of your dissatisfaction cannot adequately be addressed by normal dealership procedures, we recommend that you take the following steps:

Step 1: Contact Your Mazda Dealer

Discuss the matter with a member of dealership management. If the Service Manager has already reviewed your concerns, contact the owner of the dealership or its General Manager.

Step 2: Arrange to Meet with a Mazda Service Representative

If you feel that you still require assistance, ask the dealer Service Manager to arrange for you to meet the local Mazda Service Representative.

Step 3: Contact the Mazda Customer Assistance Centre

If still not substantially satisfied, contact the Customer Assistance Centre, Mazda Canada Inc., 55 Vogell Road, Richmond Hill, Ontario, L4B 3K5, Phone: **1 (800) 263-4680**. Provide the Centre with the following information:

1. Your name, address and telephone number
2. Year and model of the vehicle
3. Vehicle Identification Number (VIN). Refer to the "Vehicle Identification" pages of the Owner's Manual for the location of the VIN.
4. Purchase date
5. Present odometer reading
6. Your dealer's name and location
7. The nature of your problem and/or cause of dissatisfaction

The Department, in cooperation with the local Mazda Service Representative, will review the case to determine if everything possible has been done to ensure your satisfaction.

Please recognize that the resolution of service problems in most cases requires the use of your Mazda Dealer's service facilities, personnel and equipment. We therefore urge you to follow the above three steps in sequence for the most effective results.

WHEN YOU NEED TO TALK TO MAZDA

■ Mediation/Arbitration Program

Occasionally a customer concern cannot be resolved through Mazda's Customer Satisfaction Program. If after exhausting the procedures in this warranty handbook your concern is still not resolved, you have another option.

Mazda Canada Inc. participates in an arbitration program administered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP). CAMVAP will advise you about how your concern may be reviewed and resolved by an independent third party through binding arbitration.

Your complete satisfaction is the goal of Mazda Canada Inc. and our dealers. Mazda's participation in CAMVAP makes a valuable contribution to our achieving that goal. There is no charge for using CAMVAP. CAMVAP results are fast, fair and final as the award is binding on both you and Mazda Canada Inc.

■ Canadian Motor Vehicle Arbitration Plan (CAMVAP)

If a specific item of concern arises, where a solution cannot be reached between an owner, Mazda, and/or one of its dealers (that all parties cannot agree upon), the owner may wish to use the services offered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

CAMVAP uses the services of Provincial Administrators to assist consumers in scheduling and preparing for their arbitration hearings. However, before you can proceed with CAMVAP you must follow your manufacturer's dispute resolution process as outlined previously.

CAMVAP is fully implemented in all provinces and territories. Consumers wishing to obtain further information about the Program can obtain an information booklet from your dealer, the Provincial Administrator or the Canadian Motor Vehicle Arbitration Plan Office at the address or telephone number shown below.

■ Maintenance Records - Proof of Maintenance

Mazda recommends having maintenance performed by an authorized Mazda dealership. Mazda dealership technicians are specially trained to maintain and service Mazda Vehicles; Mazda technicians stay up-to-date on the latest service information through service bulletins, publications, and factory training. You can be reassured you are getting the best possible service for your Mazda Vehicle when you take it to your Mazda Dealer. If you elect to perform maintenance yourself or have your vehicle serviced at a location other than an Authorized Mazda Dealer, Mazda requires that all fluids, parts and materials must meet Mazda standards for durability and performance as described in your Owner's Manual. To continue warranty eligibility and to protect your investment, it is your responsibility to properly maintain your vehicle according to factory recommended schedules outlined in your Owner's Manual. As part of this you must keep your maintenance records, receipts, repair orders and any other documents as evidence this maintenance was performed. You must present these documents, should any warranty coverage disagreement occur. Failure to do so can result in your warranty being voided either in whole or in part.

This evidence may consist of the following:

- The Mazda Scheduled Maintenance Record, on page 31, must be completely filled out showing mileage, repair order number, date for each service, and signed by a qualified automotive technician who services vehicles.
- Original copies of repair orders or other receipts that include the mileage and date the vehicle was serviced. Each receipt should be signed by a qualified automotive service technician.
- For self maintenance, a statement that you completed the maintenance yourself, displaying mileage and the date the work was performed. Also, receipts for the replacement parts (fluid, filters, etc.) indicating the date and mileage must accompany this statement.

Note:

If you elect to perform maintenance yourself or have your vehicle serviced at a location other than an Authorized Mazda Dealer, Mazda requires that all fluids, parts and materials must meet Mazda standards for durability and performance as described in your Owner's Manual.

7. To Get Warranty Service

You must take your Mazda Vehicle, along with this booklet, to a Mazda Dealer in Canada or the United States during their normal service hours and prior to the expiration of the warranty period. While any of the Mazda Dealers will perform warranty service, Mazda recommends that you return to the dealership where you purchased your Mazda Vehicle because you have already established a relationship with them.

If you have any questions or need assistance regarding this warranty, refer to “When You Need to Talk to Mazda” on page 7.

8. Limited Liability

The liability of Mazda under this warranty is limited solely to the repair or replacement of parts defective in Mazda-supplied material, or workmanship by a Mazda Dealer at its place of business. Specifically, it does not include any expense of, or payment for loss of use of the Mazda Vehicle during warranty repairs.

9. Other Terms

This warranty gives you specific legal rights, and you may also have other rights which vary from province to province.

All Implied Warranties, including but not limited to any regarding marketability or fitness for a particular purpose, are limited respectively to the duration of this warranty. This warranty is given in lieu of all other Expressed Warranties (except those set forth separately in this booklet) on the part of Mazda, the Mazda Distributor, or the Mazda Dealer selling the Mazda Vehicle. No dealer, or any agent or employee thereof, is authorized to extend or expand this warranty. Mazda or the Mazda Distributor shall not be liable for any incidental, special, consequential, or exemplary damages, or any service not expressly provided for herein.

Some provinces do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

SCHEDULED MAINTENANCE RECORD

The service record below has been designed to include the signature of your Mazda Dealer representative or other repair establishment representative. This signed form is evidence of completion of scheduled maintenance services and should be kept with the receipts, repair orders, and invoices in the glove box. All records should be given to any subsequent owner of the Mazda Vehicle. **Failure to properly maintain your vehicle can result in your warranty being voided either in whole or in part.**

■ Maintenance Records - Proof of Maintenance

Mazda recommends having maintenance performed by an authorized Mazda dealership. Mazda dealership technicians are specially trained to maintain and service Mazda Vehicles; Mazda technicians stay up-to-date on the latest service information through service bulletins, publications, and factory training. You can be reassured you are getting the best possible service for your Mazda Vehicle when you take it to your Mazda Dealer. If you elect to perform maintenance yourself or have your vehicle serviced at a location other than an Authorized Mazda Dealer, Mazda requires that all fluids, parts and materials must meet Mazda standards for durability and performance as described in your Owner's Manual. To continue warranty eligibility and to protect your investment, it is your responsibility to properly maintain your vehicle according to factory recommended schedules outlined in your Owner's Manual. As part of this you must keep your maintenance records, receipts, repair orders and any other documents as evidence this maintenance was performed. You must present these documents, should any warranty coverage disagreement occur. Failure to do so can result in your warranty being voided either in whole or in part.

This evidence may consist of the following:

- The Mazda Scheduled Maintenance Record, on page 31, must be completely filled out showing mileage, repair order number, date for each service, and signed by a qualified automotive technician who services vehicles.
- Original copies of repair orders or other receipts that include the mileage and date the vehicle was serviced. Each receipt should be signed by a qualified automotive services technician.
- For self maintenance, a statement that you completed the maintenance yourself, displaying mileage and the date the work was performed. Also, receipts for the replacement parts (fluid, filters, etc.) indicating the date and mileage must accompany this statement.

Note:

If you elect to perform maintenance yourself or have your vehicle serviced at a location other than an Authorized Mazda Dealer, Mazda requires that all fluids, parts and materials must meet Mazda standards for durability and performance as described in your Owner's Manual.
