are the inspiration for your next joyful adventure.

EXPLORE ACCESSORIES

1 Visit intervals are condition based, up to a maximum of 12 months/16,000 KM from previous service visit.

2 All Additional Services are based on earliest recurring timing. For specific service interval information, please refer to your Owners Manual.

3 Maximum interval, whichever comes first. Use of FL-22 is required when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.

4 Inspect is defined as: inspect and clean, repair, adjust, fill up, or replace if necessary.

5 According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance service be performed at the recommended kilometre period to ensure long-term reliability or when the onboard vehicle status monitor indicates service is due to ensure long-term reliability.

6 Use only Mazda Genuine Spark Plugs. Spark plug replacement should be only performed by a trained Mazda technician, not by a vehicle owner. Mazda Genuine Spark Plugs, developed for the SKYACTIV-G (H3T).

7 Inspect spare tire if equipped, replace tire repair fluid bottle with new one before expiration date.

8 Reset the engine oil data after replacing the engine oil regardless of the message/wrench indicator light display. Genuine Mazda Engine Oil GF-7 0W20 is the newest ILSAC engine oil performance standard aimed at improving fuel economy and enhancing engine capabilities.

9 Unique Brake Fluid for Brake by Wire equipped for e-SKYACTIV models like CX-90 is required.

10 All Mazda warranties remain subject to the terms, limitations and restrictions available at MazdaUnlimited.ca. Please refer to the exact warranty coverage information as found in your warranty information booklet.

11 Connected Services features may differ slightly by carline. See Connected Services on mazda.ca for details.
